

On November 17, USALCO, LLC, acquired the business assets of Delta Chemical Corporation and Delta Transport, Inc. We are very excited about the opportunities ahead for the new organization, and for all of you, our now combined, valued customers and suppliers. USALCO and Delta bring together a number of complementary strengths, including a comprehensive product line, while the ability to share best practices will further improve quality, reliability, service and all round performance.

Preliminary planning suggests that the integration of the two companies will take several months. Our intention during this period is to maintain complete continuity for our business partners. Please, therefore, until advised otherwise, continue your business with your present contacts as you were doing prior to this transaction. Do not hesitate to get in touch with them, or with either of us, if you have any questions or concerns.

Thank you for your partnership with us. We value each relationship and will continue to enjoy doing business with you. May both continue to grow and to provide mutual satisfaction.

Sincerely,

L. David Askew, Jr.
President, USALCO, LLC
